Fostering Futures

Graduation Success

206.267.5140 or outreach@treehouseforkids.org

Treehouse provides weekly education planning, coaching and support to build each youth's engagement and investment in their education and future. Student-centered planning and the development of self-advocacy skills remove barriers to school success.

By coordinating needed supports, Treehouse partners with youth to pave the way to high school graduation, hope, and opportunity. Graduation Success is available in high schools throughout the state. A referral is required to begin services. Please see treehouseforkids.org/eligibility for current districts served.

Educational Advocacy

206.267.5144 or referrals@treehouseforkids.org

Treehouse Educational Advocates work with schools, social workers, caregivers, and youth in foster care statewide to resolve difficult issues, remove barriers to school success, and provide advocacy-related training. Students access education-related support services, make a smooth transition during school changes, minimize the effects of school discipline that keeps them out of school, and more. Available for youth grades pre-K-12 statewide with a referral for the specific educational need.

Launch Success

(Available to alumni of Graduation Success)

This post-high school program partners with young adults who have experienced foster care as they work to achieve a degree or credential, living wage, and stable housing. Students in our Graduation Success program may opt in to Launch Success after obtaining their high school diploma or equivalency.
